Features

- 32 Spectral Evidence
Ted Alston explains why rainbow-type spectra is invaluable to science
- 36 "Mininster for Space"
John Halligan
Talks to **Ann Dunne** about his passion for science and his hopes for Ireland.

Sky Diary

- 22 Mercury puts on its best morning show of the year, not far from Venus which lines up with the Moon spectacularly on Sept. 18th. In evening skies Saturn is on view for Star-B-Q just as Cassini slams into it. Moon near Hyades & Beehive clusters too.
Compiled by **David Moore**.
